Dear Mr. Vikash Gupta,

My name is Bhavika Agarwal and I am a First-year undergraduate student at the University of Warwick. I am currently doing a BSc Economics degree. I am writing this application to apply for role of Investment Portfolio Analyst.

I not only aspire to excel in the field of Asset Management, but also desire to learn, grow and assist in the entire process. I was very inspired by the core values of Var Capital which is being independent, intellectual and client focus. I feel these values are unique to boutique firms like Var Capital and are values that I believe in. I will be honoured to be a part of such an intellectual community and gain knowledge from experienced people. With the unmatched connections of the company with other banks and hedge funds, I am assured that I will be able to gain extensive research skills. Being awarded the Best Asset Manager in the U.K by the 2018 Euromoney Private Banking survey, reflects the credibility of the company. Moreover, as it is a very client focused company, this internship will allow me to improve my communications skills and will enable me to apply my business acumen and financial knowledge in real life scenarios.

I am fascinated by the dynamic nature of the Financial Markets. I am motivated to know more about this diverse field. By the end of the program I will be able to gain essential skills which will allow me to grow as an individual and prosper in this field. I have skills that are perfect match for the role. I have interned in Asset Management firms like Fidelity International and therefore I have the knowledge about the industry. I am currently part of many societies on campus which include my role as the treasurer for the Warwick Risk Management Society and I am also part of the investment team of the Warwick Asia Careers society. Such roles have not only improved my knowledge about the financial markets, but it has also improved my communication and networking skills. Working as an analyst for the Warwick Business School, I have learnt to pay attention to details. Altogether I am very hardworking, and I believe I will be able to do justice to the role.

Thank you for going through my application and I hope you consider me as a strong candidate.

Yours Sincerely,

Bhavika Agarwal
